

ESTATE PLANNING WORKSHEET

Maria Lopez — Sample / Mock Data Document

Prepared: March 2026 | Based on Penobscot Financial Advisors IPS & Raymond James RTQ

CONFIDENTIAL | ATTORNEY-CLIENT PRIVILEGED

This is a sample document generated for demonstration purposes. Client data is sourced from the Penobscot Financial Advisors IPS and Raymond James Risk Tolerance Questionnaire for Maria Lopez. This document does not constitute legal advice.

SECTION 1 — CLIENT INFORMATION

A. Personal Information

Full Name:	Maria Lopez	Date of Worksheet:	March 2026
U.S. Citizen:	Yes	State of Legal Residence:	Texas
Primary Advisor:	Penobscot Financial Advisors (PFA)	Advisor Phone:	(207) 990-1901
RTQ Source:	Raymond James Institutional Risk Tolerance Assessment		

B. Marital Status

Marital Status: Married
Spouse's Full Name: To be confirmed with client

C. Children

Children: Yes — number and ages to be confirmed with client. Trust and guardian provisions should be addressed given the presence of minor or dependent children.

SECTION 2 — ESTATE & BEQUESTS

D. Value of Estate

Total Portfolio Assets Under Management: \$2,600,000
Estate valued over \$10,000,000: No

Account	Account Type	Approximate Value
Maria – Fidelity Traditional IRA	Tax-Deferred	\$620,000
Maria – Fidelity ROTH IRA	Tax-Free	\$380,000
Maria – Individual Brokerage	Taxable	\$750,000
Maria – 401(k)	Tax-Deferred	\$480,000
Maria – Revocable Living Trust	Taxable/Trust	\$370,000

NovaTech Industries Stock	Concentrated / Taxable	~\$120,000 (incl. in brokerage)
TOTAL		\$2,600,000

Source: Penobscot Financial Advisors IPS, Section 3a. The \$120,000 NovaTech Industries concentrated stock position is treated as a Domestic Large Cap equivalent per the IPS Advisor Notes.

E. Disinheritance

Anyone to be disinherited: None identified — to be confirmed with client

F. Specific Bequests

Specific bequests in will: To be determined by client

Per the IPS Section 3b, Maria's investment objectives include Growth as a primary objective. Specific charitable bequests or beneficiary organizations should be identified and documented.

G. Special Provisions

Gift to disabled person: None identified

Any beneficiary receiving Medicaid or government assistance: None identified

SECTION 3 — BENEFICIARIES

H. Primary Beneficiaries

Primary distribution: Spouse and/or children — to be confirmed with client. Maria should name primary beneficiaries for all five accounts. IRA and 401(k) beneficiary designations pass outside of the will and must be updated directly with the plan custodians.

Account	Suggested Beneficiary Action	Passes via Will?
Fidelity Traditional IRA (\$620,000)	Name primary + contingent beneficiary with Fidelity	No — beneficiary designation
Fidelity ROTH IRA (\$380,000)	Name primary + contingent beneficiary with Fidelity	No — beneficiary designation
Individual Brokerage (\$750,000)	Name TOD (Transfer on Death) beneficiary or via Will	Optional
401(k) (\$480,000)	Name primary + contingent beneficiary with plan admin	No — beneficiary designation
Revocable Living Trust (\$370,000)	Successor trustee defined in trust document	No — trust governs
NovaTech Stock (~\$120,000)	Review company plan for beneficiary treatment	TBD

I. Secondary Beneficiaries

Secondary beneficiaries: To be named by client — contingent beneficiaries should be designated for all accounts in case the primary predeceases Maria.

SECTION 4 — TRUSTS, EXECUTOR & GUARDIAN

J. Trusts for Beneficiaries

Maria has an existing Revocable Living Trust (\$370,000). Given the \$2.6M portfolio size, the trust structure is strongly recommended to avoid probate, facilitate smooth asset transfer, and provide successor trustee management during incapacity.

Minor children: If Maria has minor children, trust provisions and a named guardian should be established to govern asset management until children reach a specified age.

K. Personal Representative (Executor)

Role	Name	Relationship	Phone	City, State
Primary Executor	To Be Named by Client	—	—	—
Alternate Executor	To Be Named by Client	—	—	—

L. Guardians for Minor Children

Guardian: To be named by client — strongly recommended given presence of children. Both primary and alternate guardians should be designated.

M. Optional Disclaimer Trust for Spouse

Disclaimer Trust: Applicable — Maria is married. A disclaimer trust allows the surviving spouse to disclaim assets into a bypass trust for estate tax and asset protection planning.

SECTION 5 — ADVANCE MEDICAL DIRECTIVE (Living Will)

A. Appointment of Health Care Agent

Role	Name	Relationship	Phone	Address
Primary Agent	To Be Named	—	—	—
Alternate Agent	To Be Named	—	—	—

B. Advance Medical Directive / Living Will

Living Will desired: Recommended — to be confirmed with client

Terminal Condition Instructions: To be selected by client

Permanently Unconscious Instructions: To be selected by client

C. Disposition of Remains

Organ donation (transplant): To be confirmed by client

Organ donation (medical/educational/scientific): To be confirmed by client

Funeral arrangements: To be specified by client

SECTION 6 — DURABLE POWER OF ATTORNEY (Financial)

Power of Attorney for Financial Matters

Durable General POA requested: Yes — strongly recommended. As a married individual managing \$2,600,000 across five accounts, a Durable POA ensures continuity of financial management if Maria becomes incapacitated. The POA agent (typically the spouse) would be able to interact with Fidelity and other custodians on her behalf.

Effective date: To be selected: Springing (upon incapacity) or Immediate

Role	Name	Relationship	Phone	Address
Primary Agent	To Be Named	—	—	—
Alternate Agent	To Be Named	—	—	—

SECTION 7 — ESTATE PLAN SUMMARY & FINANCIAL PROFILE

Investment Profile Summary (from IPS & RTQ)

Category	PFA IPS (Penobscot)	RTQ Score (Raymond James)	Reconciled Note
Risk Tolerance	Aggressive	Aggressive (Score: 81)	Aligned
Time Horizon	5–10 Years	5–10 Years (early retirement)	Aligned — retire in 5–7 yrs
Return Target	9–11% annualized (net)	More than 7% expected	Aligned
Primary Objective	Growth	Growth	Aligned
Asset Allocation	85% Equity / 8% Fixed	85% Equity / 8% Fixed	Aligned
ESG Preference	Not noted	Not noted	N/A
Concentrated Stock	~\$120K NovaTech	~\$120K (noted as constraint)	Aligned — diversify opportunistically

ADVISOR NOTE: The IPS and RTQ reflect consistent Aggressive risk profiles. The early retirement timeline (5–7 years) should prompt annual reviews to begin transitioning the allocation toward income generation as the retirement date approaches. The concentrated NovaTech position should be addressed promptly.

Documents to be Prepared

Document	Priority	Notes
Last Will and Testament	High	Name executor, beneficiaries, bequest instructions
Revocable Living Trust	High	Existing trust — review and update with attorney
Advance Medical Directive	High	Name health care agent + end-of-life instructions
Durable General POA (Financial)	High	Critical — name spouse or trusted agent
IRA & 401(k) Beneficiary Designs	High	Update with Fidelity and 401(k) plan admin directly
TOD Designation (Brokerage)	Medium	Add Transfer on Death to individual brokerage account
HIPAA Authorization	Medium	Allow agent to access medical records
Concentrated Stock Exit Strategy	Medium	Work with PFA to diversify NovaTech position
Guardian Designation	High	Name guardian for minor children
Disclaimer Trust for Spouse	Medium	Consider for bypass trust / estate tax planning

Key Financial & Tax Considerations (2026)

- Federal estate tax exemption for 2026: \$15,000,000 — Maria's \$2.6M estate is well below threshold; no federal estate tax concern at this time.

- Annual gift tax exclusion: \$19,000 per recipient — relevant if Maria pursues charitable gifting or transfers to children.
- Texas residency: No state income tax — favorable for taxable account distributions and capital gains realization.
- ROTH IRA (\$380,000): tax-free growth and withdrawals; no required minimum distributions during lifetime — highly favorable for legacy planning.
- Traditional IRA (\$620,000) and 401(k) (\$480,000): tax-deferred; beneficiaries will owe ordinary income tax on distributions — consider trust as beneficiary with proper Conduit or Accumulation trust language.
- Concentrated NovaTech Industries stock (~\$120,000): unrealized gains may trigger capital gains tax upon sale — coordinate with PFA to harvest losses elsewhere and diversify over time.
- Taxable brokerage (\$750,000): eligible for stepped-up cost basis at death — beneficiaries may inherit with reduced tax burden.
- Revocable Living Trust (\$370,000): avoids probate; successor trustee provides continuity during incapacity.

Action Items Before Attorney Appointment

#	Action Item	Responsible Party	Status
1	Confirm early retirement date and update IPS time horizon	Maria + PFA Advisor	Pending
2	Identify executor, POA agent, health care agent, and guardian	Maria	Pending
3	Update IRA and 401(k) beneficiary designations	Maria	Pending
4	Add TOD designation to individual brokerage account	Maria + Fidelity	Pending
5	Update Revocable Living Trust with estate attorney	Maria + Attorney	Pending
6	Discuss disclaimer trust structure with estate attorney	Maria + Attorney	Pending
7	Review NovaTech stock exit / diversification plan with PFA	Maria + PFA	Pending
8	Sign Will, AMD, POA, and Living Trust documents	Maria + Witnesses + Notary	Scheduled
